COURSEWORK

- Data Structures
- Algorithms
- Database Systems
- Operating Systems
- Basics of Service Oriented Architecture

SKILLS

- Data Structures and Algorithms
- Object Oriented Programming
- Core Java and Java EE
- Spring boot & MVC (Learning)
- Hibernate
- C/C++ • Rails
- C# • ASP.NET
- MySQL • Git

PERSONAL DETAILS

- **Date of Birth:** 19/07/1997
- **Language known:** English, Hindi and Gujarati.
- **Permanent address:** 3, Chitrakut Apartment; 2, Raghuvir Society; Near Janta Fatak; Jamnagar, Gujarat, India-361005.

EXPERIENCE

SHIPMNTS | FULL STACK ENGINEER INTERN

May 2017 – July 2017 | Ahmedabad, India

- Mostly, worked as backend developer to develop microservices for logistics and trade platform.
- Worked on microservices of communication and product; which are the core services of system.
- Created web-scrappers which helps shipmnts to calculate quote.

PROJECTS

URL TO GOOGLE DRIVE | FEB, 2017

Deployed at: <https://savetogogledrive.herokuapp.com>

Source Code: <https://github.com/dhavalmehta1997/url-to-google-drive>

Technologies used: Spring Boot, Maven, Swagger, Apache Http-Client, Apache commons io

Description: This application takes URL from user; download file from url and upload that file to Google Drive. This project is very useful when we have large files to download and we don't have sufficient resources to download those files.

WEB SCRAPPER | JAN, 2017

Technologies used: Java EE 7, Hibernate, MySQL, Jsoup, JAX-RS, Tor, ASP.NET

Description: This project is aimed to gather coding problems from various sites and provide them on one platform. It is a 3-tier distributed web-application. It also provides RestFul web api to utilize gathered data.

ONLINE TRAINING AND PLACEMENT SYSTEM | SEP, 2016

Technologies used: Java EE 7, Hibernate, MySQL, iText and Apache POI

Description: This project is aimed to provide an efficient and reliable placement system to college. This project was developed under CE department's placement officer Prof. Jatayu Baxi.

ONLINE IDE | MAY, 2016

Technologies used: Java EE 7, Hibernate and MySQL

Description: A web-based Integrated Development Environment was developed, inspired from **ideone**. The aim of the project is to provide an online compiler which allows you to compile the source code and execute it online in 4 programming languages. It also supports saving and sharing of source code.

ACHIEVEMENTS

- | | |
|-----------|---|
| Dec 2016 | In ACM-ICPC 2016-17 , team ranked 45th in Chennai onsite round and 57th in Amritapuri onsite round . |
| Aug 2016 | In TCS Codevita Team Ranked 16th in Round – 1 and 36th in Round – 2. |
| July 2016 | Ranked 38th globally and 5th in India in Round 360(Div 2) on Codeforces. |
| June 2016 | Team Ranked 195th globally and 51st in India in Codechef SnackDown'16 |
| May 2016 | Ranked 261st globally in Codechef May long challenge 2016. |
| Mar 2016 | Won the 1st prize in a Codejam in Felicific, technical festival of our college. |

CO-CURRICULAR ACTIVITIES

- Hosted a ACM-ICPC 2017-18 preparation contest on Hackerrank for juniors.
- Part time competitive programmer on Codechef, Codeforces, HackerRank.
- Currently, College representative at Dcoders – DDU Codechef Chapter.
- Successfully completed e-Yantra Robotics competition hosted by IIT Bombay.
